

MWA Gobango (5 Games Match)

Posted by FlameHaze - 2009/10/07 01:05

To have some fun during the dry season that we are having now, we plan to have a gobango competition among players.

Duration is 6 months and each players must play 5 games, you can choose who you want to match with but the ideal match is to have a stronger, even, weaker players.

With this setup we can help each others skill and improve from there on.

As for the prize, the loser will treat the winner lunch/dinner :)

For those who wanna sign up, please leave your name and who you wanna play with. If both players agree on the match, then we'll start it this coming Sat (10th Oct)

Example:

Name: Philip Cher

Gobango Players: Hock Doong, Mr Tiong, Xinwen

Rules

Handi: To be decided by both players, can be even nigiri or fair handicap agreed by both players

Time: 45mins each player, 3 x 20 sec byonomi

Komi: 6.5 komi by black

Must finish 5 games based on handicap system, handicap adjust by one stone after each game

Any question feel free to ask. Thanks!!!

I also join. So the handicap will change only if a player win 4 out of 5 games or change if he win (any game) this 5 bango?

The handicap from (descending order):

9 - 2 stones

Sen-ni (Alternate 2 stones and Black)

Black (All)

BBW (Black-Black-White)

hi alex, maybe we can use the traditional way to indicate handicap

Even game: Tagai-sen

Move first: Jo-sen

Two handi: Jo-ni

Three handi: Jo-san

With this we can indicate as if very serious. Haha.

Because our Gobango is short and very brutal, we won't have in between like sen-ai-sen, sen-ni-sen, ni-sen-ni etc.
